About me

My name is Mebatsion Sahle. Currently, I'm pursuing my Bachelor of Tech from Adama Science and Technology University. I have participated in ICPC National and regional contests in Ethiopia and South Africa respectively. I'm looking forward to AI and Web development. I'm interested in backend development with Django, loopback.js mostly. I'm comfortable with Vue.js for the frontend. My hobby is enjoying reading any book and Sci-Fi movies too.
